

GROWTH CONFERENCE

2026

New Horizon — Endless Possibilities

Partnership & Sponsorship Proposal

3rd of October 2026 · University of Ibadan, Oyo State

From the Convener

Every generation is remembered by the opportunities it creates for the next. Across Nigeria today, thousands of talented young people possess the potential to build thriving careers and lead transformational initiatives - yet many lack access to the right knowledge, mentors, networks and opportunities.

This conviction gave birth to The Eben Initiative and, in 2024, to our flagship platform - Growth Conference.

This year marks a defining milestone: for the first time, Growth Conference expands beyond Osun State to Ibadan, Oyo State, with a vision of convening over 1,500 students and young professionals under the theme New Horizon - Endless Possibilities.

We invite you to partner with us - not merely as a sponsor, but as a valued stakeholder in raising the next generation of ethical leaders, innovators and changemakers.

ABOUT THE EBEN INITIATIVE

Who We Are

The Eben Initiative (TEI) is a youth-focused nonprofit organization committed to empowering young people with the leadership capacity, career readiness, entrepreneurial mindset, and personal development required to thrive in today's rapidly changing world.

Founded in 2022, TEI exists to bridge the gap between potential and opportunity by creating platforms that inspire learning, foster meaningful connections, and unlock access to transformative experiences.

Through leadership programmes, career development initiatives, mentorship, educational interventions, and strategic partnerships, we are nurturing a generation equipped to succeed personally and create lasting impact.

SINCE 2022

1,500+ Young People Directly Impacted

Our Mission

To empower young people to maximize their potential and become catalysts for positive change.

Our Vision

To build a global community of ethical, innovative and impact-driven young leaders.

OUR ORIGIN

The Growth Conference Story

Growth Conference was born from a simple but urgent realization: young people do not lack dreams - they lack access. Access to mentors. Access to opportunities. Access to practical knowledge. Access to communities that believe in them.

What started in 2024 as a vision to gather ambitious young people has steadily evolved into one of the fastest-growing youth development conferences in Southwest Nigeria - a platform where ideas become action, relationships become opportunities, and potential becomes measurable impact.

TWO EDITIONS STRONG
